

HIGHLIGHTS OF TBC'S FACILITY IMPROVEMENT PROJECT!

- *Fully renovated restroom facilities on each level of our facility, including handicap accessibility on each level
- *Installation of a central staircase at the east end of our foyer, providing access to all 4-levels in one location
- *Reconfiguration of the classrooms in the lower level of our fellowship hall, providing better space for education
- *Updating of lighting, paint & flooring in every level of our facility, providing a much needed facelift for ministry
- *Replacing our current elevator with a larger model that will access all 4 levels of our facility
- *Addition of network cabling throughout our entire facility, expanding our abilities to teach in the digital age
